

Why Clean Water?

- Each year over 3.5 million people die from water related disease
- More than 30% of the world's population does not have access to clean water
- Women and children in developing countries walk an average of 4 miles a day to collect water for their families
- Many children have to drop out of school in order to have the time to carry water

HEALING HANDS INTERNATIONAL Clean Water Projects

"A cup of cold water in My Name..."

**"And if anyone gives even a cup of cold water to one of these little ones because he is my disciple, I tell you the truth, he will certainly not lose his reward."
Matthew 10:42.**

The water well project through Healing Hands International began in 2001 in the nation of Ethiopia. Since that time, we have helped fund the drilling of close to 500 wells in Ethiopia, Nigeria, Honduras, Zambia, Zimbabwe and this year we added the island nation of Haiti.

Next year, we have plans to add to this growing list the nation of Sudan. As our program expands we are constantly looking for generous supporters like you who want to be a part of bringing hope to those who have never seen clean water.

Will you join us?
There is no gift too small. Just \$5 will bring clean water to one person for a lifetime.

Think of the impact that you could make on the world!

"To make your commitment to clean water simply select one of the options below, fill in the donor information, cut along the dotted line and mail this section to:

Healing Hands Intl., 455 McNally Dr., Nashville, TN 37211
