

HOW DOES WALK4WATER WORK?

Walk4water is a fundraising event of Healing Hands International which funds the drilling of clean water wells *all around the world.*

1. REGISTER TO WALK ONLINE!

Set up your personal fundraising page and register online at www.walk4water.org

2. SPREAD THE WORD!

Tell your friends and family what you're doing to make a difference. Ask them to join your Team- a simple \$5 donation can bring clean water to 3 people.

3. BRING ANY CASH OR CHECKS YOU HAVE COLLECTED!

On the day of the event bring your donations or have your friends donate online if they can't join you. All money collected will be added to your team total.

4. WALK 4 MILES!

If you're up for a real challenge, try carrying our 5 gallon (48 lbs.) containers while you walk!
